

SOVIETS DRIVE INTO SUBURBS OF BUCHAREST

RUSSIANS SPEED SOUTH FROM NEWLY-CAPTURED PLOESTI OIL CENTER

MOSCOW, Aug. 31.—(UP)—Russian forces sped south from newly-captured Ploesti into the suburbs of Bucharest, capital of Romania, today.

Other Soviet columns to the east reached the border of Bulgarian-annexed Dobruja and threatened to cross the pre-war frontier of Bulgaria itself in pursuit of Germany's fleeing, decimated armies.

Bucharest was expected to fall momentarily. Latest reports from foreign sources said it was in the hands of Romanian troops loyal to King Michael, though possibly surrounded by Germans. Michael surrendered Romania to the Soviets last week and declared war on Germany.

German resistance had melted almost completely away in the flaming attacks of the 2nd and 3rd Soviet Ukrainian armies. More than 15,000 additional prisoners, including the commander of the 7th German army corps and three divisional commanders, were captured yesterday, increasing the total for the whirlwind 24-day Romanian offensive to 316,000.

Marshall Rodion Y. Malinovsky's army spearheads pushed into the suburbs of Bucharest after a swift advance from the great oil center of Ploesti, 31 miles to the north. They had advanced more than 50 miles in the past 24 hours, hardly pausing even for sleep.

At Ploesti, the Russians won their most important and cheapest victory of the world war in southeastern Europe. The Ploesti fields, with an estimated output of 2,000,000 tons of crude oil even after scores of Allied raids, had been supplying one half of the natural oil and one third of all oil for Adolf Hitler's faltering war machine.

The Ploesti fields are the richest in Europe and the sixth largest in the world. Nineteen major refineries were situated in and around Ploesti at the start of the war and its 13 oil fields.

At Ploesti, the Russians also cut the main railway between Bucharest and Budapest and seized complete control of oil lines running east to the big port of Constanta, already in Soviet hands, and south to Giurgiu on the Danube river.

The Germans made a short-lived rear-guard stand between hastily prepared defenses on the approaches to Ploesti, turning massed artillery and anti-aircraft guns on the advancing Soviets, but soon were routed. Eighty anti-aircraft guns were captured, along with large ammunition depots.

The smash into Ploesti followed a 37-mile advance down the Cernauti-Ploesti-Bucharest railway and, without resting, the Russians pressed on toward the capital itself. The Soviet high command reported in its mid-night communiqué that the Red Army was within 17 miles of Bucharest and front dispatches disclosed the penetration of the city's suburbs.

"The Germans are firing their last shots at the Russians as they move into Bucharest," one dispatch said.

County Schools Open Thursday

Putnam county boys and girls returned to their respective schools today following the summer vacation. Short sessions were held at all the buildings and the students will start class work in earnest on Monday.

The Greencastle city schools will open on Tuesday, September 5.

20 Years Ago

IN GREENCASTLE

Local thermometers registered 92 degrees, following rainfall which totaled more than an inch during the night.

Clyde Miller was seriously injured by the accidental discharge of a shotgun. While riding on the running board of a truck, young Miller attempted to take the gun out of the front seat. The blast struck him in the right arm. He was taken to the county hospital.

Byron Irwin was here from South Bend.

B-29 BOMBS JAP STEELWORKS

Here is the first picture released of the B-29 bombing raid on Japan's steel center at Anshan, in Manchuria, made July 29. The raid was a daylight assault and very successful. U. S. Army Air Forces Photo. (International Soundphoto)

Local Boy Writes Parents From Guam

Mr. and Mrs. James Birt received this letter from their son, Julian, who is in the South Pacific.

Dearest Mother, Dad, and all, After about a month I'll drop you a line to let you know I am O. K. I'm sorry about not writing you, but I haven't had a chance. I guess this letter will take a week or more to get to you, but I will be able to write more regular now.

I haven't heard from you for over a month, but I did get a letter from you. I was aboard ship. You have probably been reading about this place in the news papers. In other words I can now tell you where I am. I am at Guam. I wasn't here during the fighting, but I got here very close to it. I can't seem to figure the Japs out. I wish you could see the size of this island. I think there are between 200 and 250 square miles to it. You look at all this island and it has some pretty high hills on it, and then think of our boys taking it in twenty days. That is why I can't understand the Japanese. They can't win. They should know that by now.

I was talking to some natives the other day, and believe me, they are the happiest people in the world. They told us how the Japs treated them. They had to work for nothing. They couldn't eat pork or beef, (by order of the Emperor). They hardly had enough to live on. I asked a little boy how school was. He said they told them the U. S. had only one battle ship and one broken airplane, and that people were starving. They said F. D. R. had to wait in line three days to get rice. After the little kid said that he said, "Boy, that sure is propaganda." The people are so friendly and they all talk pretty good English. Some talk very good. They really think the Americans are tops. One old man said he has been waiting for us to come for a long time. Now they get the same food we do and it is O. K. This is the first time they have had good bread since the Japs came.

There are all kinds of fruit on this island except apples. I just got through eating a big coconut. There are pineapples, bananas and all kinds of stuff. This island is beautiful. It has so much vegetation. I was really surprised.

I am now in the 3rd division. I called the 21st Marines today and tried to get in touch with Norm, but he isn't on this island. He should be here before long though. If he does come, I know I'll get to see him. I can hardly wait. Don't be surprised if you hear about the Birt brothers meeting in Guam. I thank God for that and a lot more.

Tell Reddy where I am and tell him I'll send my love later. Tell all hello and write soon. Pray for Norm and me and we'll be O. K. Love to all, Dude

COW HAS TRIPLETS

Wilford Tinscher, northeast of Mt. Meridian, considers himself quite lucky in that he has a Holstein cow that gave birth to triplets recently. This is a rare occurrence but the three calves are reported to be doing well.

Physical Fitness Standards High

New high standards of physical fitness for all DePauw University men are in the program of DePauw's physical education department this fall, under the combined direction of university and Naval instructors. Levels of physical fitness have been outlined by university authorities and the Navy Standards tests, according to Dr. Lloyd L. Messersmith, acting director of physical education. Two types of physical training, basic and maintenance, are included in the program, Dr. Messersmith says. Basic classes are made up of newly entered students in the fall half-semester and of those who have failed to meet the requirements for advancement into the maintenance program. Maintenance classes include those men who have had two or more semesters in the V-12 program after satisfying university and Navy standards together with all other students who have completed standard entrance tests in physical fitness. Men in the basic classes take from one to three periods of a week of swimming and three periods of conditioning activities, which emphasize calisthenics, wrestling, boxing, rope-climbing, and running. In maintenance classes, students take from one to three periods of swimming and three periods of combative and competitive sports. The system is arranged to bring all DePauw men to peak physical condition and to maintain that condition.

Will Install Art Fraternity

Alpha Iota of Kappa Pi, national honorary art fraternity, will be installed at DePauw University shortly after the opening of the winter semester in November. Prof. A. Reid Winsey, head of DePauw's art department, announced today. The new chapter, which will be the Alpha chapter in Indiana, is an outgrowth of DePauw's four-year-old Art Club. Kappa Pi was founded in 1911 and today has a membership of over 2,000. In carrying out its purpose of rewarding meritorious work and exceptional interest in art, the fraternity sponsors annual traveling exhibits of work by each chapter and publishes a magazine, "The Sketch Book," twice a year. The fraternity has 23 chapters throughout the country.

Present officers of the Art Club who will be installed as new officers of Alpha Iota by Marie B. Ryan, expansion officer of Kappa Pi from Kearney, Neb., are Jack Kennedy, president, from Lafayette; Frances Hoffman, corresponding secretary, from Cleveland Heights, O.; and Nancy Elleman and Bill Dailey, program chairmen, both from Richmond, Ind.

BUSINESS HOUSES WILL CLOSE ON MONDAY, LABOR DAY

All places of business will be closed on Monday, September 4th, because of Labor Day. They will then remain open the following Wednesday afternoon it was announced by the Chamber of Commerce.

ABBETT HEADS COMMISSION

INDIANAPOLIS, Aug. 31.—(UP)—Governor Schricker today appointed Hugh W. Abnett, Indianapolis, to succeed George N. Beamer as chairman of the Public Service Commission after Beamer's decision to return to South Bend to resume his private law practice.

Beamer's resignation raised the prospect of a complete turnover in the PSC membership this year.

Schricker also appointed Lawrence N. Cannon, Michigan City, director of the commission's motor vehicle department, to succeed Abnett. Previously, William A. Stuckey, Indianapolis, resigned and was succeeded by Abnett.

FAMOUS FRENCH RESORT CITY IN YANKEE HANDS

AMERICANS TAKE NICE WITHOUT ANY OPPOSITION FROM NAZI FORCES

ROME, Aug. 31.—(UP)—Victorious American troops, striking from both ends of the front in southern France, sent straggling remnants of the Germans 19th army reeling northward into the Lyon area today and captured, without opposition, the resort city of Nice on the Mediterranean.

The capture of Nice, largest of the French Riviera resorts, carried the southeastern point of the Allied beachhead to within 12 miles of the Italian border. The city, with a population of more than 200,000, was virtually undamaged except in the harbor area.

In the Rhone valley, the battered German forces were sacrificing huge supplies and hundreds of men in desperate rear guard fighting in an attempt to delay the fast pursuing American troops.

Mexico City Is Rotary Subject

Dr. L. H. Turk, who has just returned from Mexico City, was the guest of the Greencastle Rotary Club at its weekly meeting on Wednesday.

An interesting talk on Mexico and Mexico City was given by Dr. Turk, who spent some time observing customs and in traveling over the country. Mexico City was described as a city combining modern architecture with the old. The old Cathedral, the largest in the western hemisphere, was described as well as the modern boulevards, residential sections and handsome public buildings. Although most of Mexico still observes the afternoon siesta, this has been abandoned in Mexico City; its modern metropolis.

A comparison of the availability of goods in Mexico and the United States was given, and Dr. Turk mentioned that inflationary prices were charged for the apparently plentiful merchandise. As an example, he said that the average size automobile tire costs \$125.

Comments were made on the bad condition of Mexican railroads, which are government owned, and the new volcano, which has had considerable publicity in the last few months.

Germans Worry About Russians

WITH THIRD ARMY NEAR REIMS, Aug. 30.—(Delayed)—(UP)—German troops are worried that Russians will get to Germany first and "really chew up the place," GI's who have been capturing Nazis by the hundreds in this area, said today.

"That's one of the main reasons they are surrendering so easily," said Pfc. Raymond A. Fight of Detroit. "They want to make sure we reach Berlin first. Hell, you can drive down the road in a jeep and they come pouring out to surrender."

Sgt. Melvin Cunningham of (20 N. Traube Ave.) Indianapolis, said his military police outfit had collected about 1,200 German prisoners in the last three days.

"Tanks can just roll into a town, fire a few rounds and these Jerries come tumbling out of the woods for blocks around to surrender," he said. "They just don't want to fight."

PUTNAM COURT NOTES

Dorothy T. Haltom vs. Shirley C. Haltom, suit for divorce. Robert E. Stewart is attorney for the plaintiff.

GERMANY MAY CONTINUE WAR UNTIL WINTER

MILITARY EXPERTS REPORT 1940 NAZI ARMY SLASHED TO TWO MILLION MEN

LONDON, Aug. 31.—(UP)—The German army, which in five years of the greatest blood-letting in history has shrunk from 8,000,000 men in 1940 to a bare 2,000,000 now, simply is not strong enough to protect even the Reich's frontiers, veteran military observers said tonight.

Germany might manage to hold on until Winter with her approximately 280 divisions, averaging roughly 7,000 men to a division, and stagger through to another Spring, but the odds are greatly against it. The enemy lacks virtually every tool of war in sufficient numbers essential to this. The Germans are short of manpower, tanks, self-propelled guns, fuel, transport and planes.

The Nazis are without sufficient mobility to meet the ever-growing allied thrusts on four major land fronts. They are being hammered from the air, blockaded by sea, harassed by the rising undergrounds in the occupied countries, and endangered by satellites suing for peace.

Nowhere can the Luftwaffe make successful defensive stands or mount sustained counter-attacks.

There are no indications that Germany has any worthwhile reserves. It is believed that Adolf Hitler is pouring everything he has into the current battles in a desperate effort to slow up the allied steamroller until Winter.

Of the two million soldiers many are old and tired men or untrained youngsters.

A cross-section of the most reliable estimates place the number of German divisions on the eastern front, including Romania, at between 170 and 180. Many consist of only 3,000 or 4,000 men, and a large number of crack divisions were destroyed or captured by the Russians.

Although Adolf Hitler still has some seven divisions in Finland, specialists have been shifted to the Baltic armies or into Norway. Again, tank are scarce.

The same is true of the eight or nine divisions in Norway, while in Denmark the Germans have four divisions equipped only with scout cars and some light tanks.

There still are about twenty-two or twenty-four German divisions in Italy, but most of them have been badly mauled. The Second Panzer Army, which despite its name virtually is without tanks, includes between twenty and twenty-three divisions scattered throughout Hungary, Yugoslavia, Albania, Greece and the Aegean Islands.

The Germans had some sixty to sixty-five divisions in France, Belgium and the Netherlands on D-Day. Many divisions were built up in strength so that they included 12,000 men, and in several cases a division totaled 15,000, the normal strength in the early stages of the war, although some combat divisions then had 20,000 men.

Today, it is estimated at the very most that there are forty to forty-five divisions on the western front. This represents divisions in name only, for many virtually have ceased to exist because of the allied meat-chopper tactics during the past eighty-five days.

STRIKE SETTLED

BEDFORD, Ind., Aug. 31 (UP)—A strike involving 50 workers and tying up Bedford's only bakery was settled by union and management officials and housewives today received their first bread since last Sunday. The workers, striking after Dean Mulkins, a mixer, was discharged, agreed to a committee of three to investigate the incident.

VETERANS EMPLOYED

INDIANAPOLIS, Aug. 31.—(UP)—John K. Jennings, state War Manpower Commission director, said today that more than 28,000 persons, including 2,051 veterans, were employed in Indiana during July.

Jennings said that it was one of the best months on record with the placements approximately 2,000 higher than in June. Male placements totaled 19,394 and placement of women numbered 9,366.

DUCHESS UNDERGOES KNIFE

NEW YORK, Aug. 31.—(UP)—The Duchess of Windsor was operated upon for removal of her appendix today and a bulletin reported that no adverse complications were expected.

SERVING COUNTRY

ALLIED PLANES SMASH 19 MORE ENEMY VESSELS

BOMBERS POUND JAP SHIPPING OVER VAST ARC IN THE PACIFIC

ALLIED HEADQUARTERS, Southwest Pacific, Aug. 31.—(UP)—Allied bombers, intensifying the campaign against Japanese shipping, sank or damaged at least 19 more vessels from the far northern Kurile Islands to the Moluccas and the East Indies in the Southwest Pacific, it was disclosed today.

Heavy and medium bombers made another softening attack on Halmahera, unloading 113 tons of explosives Tuesday on that enemy base which is 250 miles south of the Philippines. Widespread damage was inflicted on coastal defenses and supply and barracks areas on Wasile and Kaeo bays.

The largest Japanese ship bagged was a 7,000-ton freighter-transport which air patrols destroyed or severely damaged Monday night off the Celebes.

Two small freighters were sunk at the Kai Islands, and a 1,000-ton freighter and a small coastal craft were destroyed off the east coast of Mindanao, where air patrols again hit the port of Davao, for the 10th time in three weeks.

South of Halmahera, fighter-bombers made a new assault on the important oil port of Boela on Ceram, starting large fires among oil installations, bivouac and gun positions. Air patrols followed up with a raid along the coast, sinking or damaging nine coastal vessels.

Aleutian-based bombers concentrated on shipping in returning to the Kurile Islands in Japan's northern empire Sunday. Army Liberators sank one patrol vessel off Paramushiro and damaged another, while Navy Venturas damaged three ships, including a merchantman off the battered naval base.

Seventh Army Air Force Liberators, flying from Marianas bases, raided Iwo Jima in the Volcanos, 750 miles south of Tokyo, again Sunday night and hit Pagan Island, 200 miles north of Saipan, without interception.

Other central Pacific Liberators attacked Moen Island in Truk atoll Monday, and one bomber was damaged when seven fighters attempted to intercept, but it returned to its base.

Navy Venturas hit the phosphate-producing island of Nauru, west of the Gilberts, Sunday, while army Liberators raided Ponape in the eastern Carolines Monday and marine and navy planes attacked the isolated enemy positions on Mille and Maloelap atolls in the Marshalls.

Senator Truman Speaks Tonight

LAMAR, Mo., Aug. 31.—(UP)—The Democratic party launches its active campaign for a fourth term tonight when its vice presidential candidate, Sen. Harry S. Truman, broadcasts to the nation from this little town of his birth.

Truman said his address would be filled with "facts—which include plenty of reasons why the Democrats should be re-elected."

The occasion was Truman's official acceptance of his nomination as President Roosevelt's running mate.

Much significance was placed on the address as he is expected to "carry the ball" during the campaign. The President has indicated that he will have little time for active campaigning.

AUXILIARY NOTICE

All members of the Spanish War Veterans Auxiliary are requested to meet at the McCurry Funeral Home at 1:30 Friday afternoon to attend the funeral of Lydia Christensen, Ethel Conklin, Aux. Pres.

ALLIES ONLY 90 MILES FROM NAZI FRONTIER

YANKS WITHIN 30 MILES OF BELGIUM; BRITISH IN AMIENS

SUPREME HEADQUARTERS, AEF, Aug. 31.—(UP)—The British 2nd Army smashed into the outskirts of Amiens on the Somme river today, virtually isolating a 100-mile stretch of the robot bomb coast of northern France, after a lightning 60-mile advance in 48 hours.

The British thrust was reported in a front dispatch from United Press War Correspondent Richard D. McMillan as American armies to the east fanned out north and northeast of Laon to within 30 miles of the Belgian border and 90 miles or less of Germany itself.

Gen. Dwight D. Eisenhower, supreme allied commander, disclosed at a press conference that his armies already were more than five days ahead of schedule in their march across western Europe and reiterated that victory in Europe was possible in 1944 if everyone on the home and war fronts did his duty.

Lt. Gen. Courtney Hodges' American 1st Army made the closest approach to Belgium—30 miles—with a drive north and northeast from Laon, nearly 50 miles east southeast of Amiens. The advance carried 15 to 20 miles beyond the Aisne river.

Hodges' forces also captured the cathedral city of Reims, 30 miles southeast of Laon, and Neufchapel, 13 miles north of Reims, where the Americans made a new crossing of Aisne.

SUPREME HEADQUARTERS, AEF, Aug. 31.—(UP)—Field command of the allied armies in northern France has been divided, with Lt. Gen. Omar N. Bradley getting equal rank with Gen. Sir Bernard L. Montgomery, Gen. Dwight D. Eisenhower, supreme allied commander, announced today.

Montgomery, originally commander of all ground forces in northern France, now directs only the 21st Army Group, comprising the British 2nd and Canadian 1st Armies, while Bradley commands the American 1st and 3rd Armies, comprising the 12th Army Group.

ROME, Aug. 31.—(UP)—British 8th army troops occupied the ancient renaissance cities of Pesaro on the Adriatic coast and Urbino, 19 miles inland, today and crossed the Foglia river to begin long-awaited assault on the Germans' gothic line.

Front dispatches reported that the Germans had abandoned the entire area along the Foglia river for 16 miles inland and withdrawn behind the line's steel and concrete fortifications. Heavy machine gun and rifle fire was encountered by 8th army patrols probing around the main forts and pillboxes of the German defense works.

CAR HITS BICYCLE

City police reported Thursday that Joan Neff, 14, of 212 North Vine street, was hurt while riding her bicycle Wednesday evening when struck by an auto driven by Marvin Dunivan, of Stilesville. The accident occurred near the fire department. Police said the girl was taken to the county hospital but her injuries were believed slight.

16 NEW POLIO CASES

INDIANAPOLIS, Aug. 31.—(UP)—Dr. Thurman B. Rice, secretary of the State Board of Health, reported today that 16 new cases of infantile paralysis were recorded last week but said the state's polio epidemic was on the decline.

Dr. Rice said there were 108 cases reported during August, which brought the year's total to 182. Six deaths have been reported.

MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers relieve nagging backaches quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

GREENCASTLE MAN FELT LIKE SWOLLEN BALLOON; FULL OF STOMACH GAS

Recently, a Greencastle man stated that he used to feel like a swollen balloon after every meal. He would float full of gas and spit up acidulous liquids for hours after eating. Was terribly constipated. This man is one of the hundreds in this vicinity who now praise ERB-HELP. He states he was amazed at the results when he took this medicine. Now he eats what he wants without gas or bloating, and bowels are regular for the first time in years. He feels like a new man.

ERB-HELP contains 12 Great Herbs; they cleanse bowels, clear gas from stomach, act on sluggish liver and kidneys. Miserable people soon feel different all over. So don't go on suffering! Get ERB-HELP. Sold by all drug stores in Greencastle.

News of Boys

Lester Ralph Walton's address is Lester Ralph Walton S 2/c Service No. 865-40-99. U. S. N. R. E. Navy 10 % F. P. O. San Francisco, Calif. He would like to hear from some friends.

Edward Eugene Kibbey, 17, Bainbridge, Indiana, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Illinois.

John Raymond Hammond, Jr. 17, Rural Route 2, Greencastle, Indiana, is receiving his initial Naval indoctrination at the U. S. Naval Training Center, Great Lakes, Ill.

His recruit training consists of instruction in seamanship, military drill, and general Naval procedure. During this period a series of aptitude tests will be taken by the recruit to determine whether he will be assigned to a Naval Service School or to immediate duty at sea.

From where I sit ... by Joe Marsh

Recipe for a Perfect Marriage

Dee and Jane Cuppers celebrated their Golden Wedding Anniversary last Saturday. Having so many friends, it seemed like half the town stopped in that evening to pay their respects.

Little Ida Moffat brought a home-made poem to read, called Love Enduring. Bert Childers fiddled "Silver Threads Among the Gold." Will Dudley made a speech and proposed a toast.

And as I watched that toast—Dee with his glass of beer, Jane with her buttermilk—I thought to myself: There's a recipe for

happy marriage. Two folks with different tastes—no doubt an honest fault or two—who through the years have learned to live in tolerance and understanding can build lasting happiness and solid homes.

From where I sit, Dee and Jane are a mighty good example to a young married people of today—an example of how moderation, tolerance and understanding can build lasting happiness and solid homes.

Joe Marsh
